

ValBran

[Conférence] La valorisation du son de blé en molécules tensioactives

[Conferentie] De valorisatie van tarwezemelen tot tensio-actieve stoffen

Résultats de recherche et témoignages / Onderzoeksresultaten en getuigenissen

Programme / Programma

9.30 Accueil et petit déjeuner / Ontvangst en ontbijt

Session / Sessie 1 - Biotensioactifs : résultats de recherche / Tensio-actieve stoffen: onderzoeksresultaten

- 10.00** Introduction by **ValBiom** & the **Flanders Biobased Valley**
by Lauranne Debatty, Communication Officer (ValBran) & Sofie Dobbelaere, Managing Director (FBBV)
- 10.10** The valorisation of wheat bran into surfactant molecules. Dissemination of the ValBran mid-term research results
by Caroline Rémond (INRA/URCA FARE), Magali Deleu (ULiège) & Yamini Satyawali (VITO) - Partners of the **ValBran** consortium
- 10.40** Bridging the gap between lab and market for new innovative biosurfactants: the **AppliSurf** approach
by Sophie Roelants, project leader

Session / Sessie 2 - Témoignages d'entreprises / Getuigenissen van industriëlen

- 11.00** *Micronized wheat bran to enhance nutritional profil*
by Karin Meissner, Business Development Manager Fibers, **Cargill Belgium**.
- 11.15** *Interest of biobased surfactants: current state and perspectives*
by Emmanuelle Mérat, Open Innovation/Sourcing Functional Ingredients & Methods Manager, **SEPPIC** - Air Liquide Healthcare Specialty Ingredient
- 11.30** *Ecover - Bringing back the rebel*
by Roel Bosschaerts, Global Platforms Researcher, **People Against Dirty** (Ecover & Method)
- 11.45** *Industrial potential and valorisation of biotech solutions for the animal feed business*
by Stefanie Verstringe, Laboratory Manager, **Nuscience Group**

12.00 **Conclusions / Conclusies**

Séance de questions-réponses / Vraag-en-antwoordsessie

by Caroline Rémond, **ValBran** project leader & professor at the University of Reims Champagne-Ardenne

12.15 **Lunch & networking / Netwerklunch**

13.30 Presentation of the Bio Base Europe Pilot Plant (BBEU) & instructions before visiting the site
by Karel De Winter, Head of Technology Development, **Bio Base Europe Pilot Plant**

14.00 **Visite du site / Sitebezoek**

15.00 **Drink / Drink**

15.45 **Clôture / Einde**

Organisé par / Georganiseerd door
